

# Horner Junior High School

**PICKING UP & DROPPING OFF:** We ask that you observe the following procedures to ensure that all students are safe, during this temporary time of construction:

- **Students are to be Picked Up and Dropped off in the coned off section next to the Big Gym off of Irvington Avenue.** Please pull all the way forward and have your student exit from your car onto the side walk.
- The front of the school will be closed for all pick up and drop off, and the parking lots are reserved for school staff. Do not drop off or pick up students in front of the school building, alongside the gym, or in front of the portable buildings. We need to keep this area free for student pedestrians, busses and emergency vehicles.
- Please observe the signs - The City of Fremont worked with our school to create the most efficient and safe way to drop off students during our current construction limitations.
- Please drop your student off after 7:45 a.m. They may proceed to the waiting area on the blacktop, the courtyard, the Multi-purpose Room for breakfast, or in the library. The first bell rings at 8:10 am.
- Be courteous - Please remember that students model our behavior. We want Horner to be a safe place for all! Thank you for your patience and understanding.
