Every Month Second Tuesday  
**TIME: 2.30 pm to 3.15 pm**

**Just bring your creativity and curiosity**

*Work together. Create. Code. Create cool projects with a friend! Design and program your own two-player games, create animated stories, and imagine your future. Learn about how people change the world with computers. In this activity, club members create a game in which they tell two truths and a lie about themselves. Then, they let their friend guess which statement is the lie. In the process, club members learn about conditionals.*
